

VIBRANT NEW ENTERTAINMENT AND FOOD DESTINATION OPENS AT CROWN PERTH

14 February, 2026: Crown Perth's highly anticipated **Urban Food District** opens today, bringing a brand new dining and entertainment concept to the city's iconic entertainment destination.

The Urban Food District is a vibrant, fast-casual dining venue featuring a variety of diverse global cuisines and three new bars, including a hidden hip hop-themed speakeasy and lively outdoor beer garden, while hosting some of Perth's best DJs and musicians on weekends.

Three international dining concepts make their Australian debut: renowned eggburger creator **Burgers by ES** with a cult global following, **Side Piece Pizza** (New York-style pizza) and **Tekka Bar** (signature premium hand-rolled sushi and sake bar) direct from Las Vegas.

Local restaurateur and chef Jenny Lam will open **Saigon Story**, a Vietnamese eatery offering delicious banh mi sandwiches and other dishes that celebrate the bold, fresh flavours of Saigon's bustling food scene. Bubble tea favourite Chatime will also open this weekend.

Exciting new venues will continue to open over the coming weeks at the Urban Food District, with local favourite **Taco Daddy** opening its first bricks and mortar venue to offer authentic Mexican street tacos, alongside **Jom Kopitiam's** iconic Malaysian fare.

Located a short stroll from Optus Stadium and accessible via the Casino and an outdoor entrance opposite Crown Theatre, the precinct will trade late on weekends, making it the perfect location to enjoy a pre-show bite or a celebratory post-game drink with friends.

Crown Perth CEO Brian Pereira said the Urban Food District pairs some major Australian firsts with local homegrown talent.

"Offering a mix of street food favourites and bold flavours designed for every taste, the Urban Food District is set to become one of Perth's hottest destinations."

"With plenty of major Perth events around the corner, it's going to be the perfect spot for late night bites, catching up with friends and soaking in the vibrant atmosphere."

About 100 new jobs have been created during construction and ahead of opening.

Crown has also recently launched a new premium wine bar, **Gladstones** – honouring WA's premier wine regions and history. Gladstones offers a cellar door experience at the heart of Crown, with rare and awarded wines available by the glass or bottle.
